SPECIFICATIONS

Item #: 10255

- Material: ABS plastics
- Dimensions: 2" L x 1.625" \varnothing (50.8 mm x 41 mm)
- Supplied with twin stick adhesive disk (may also be fastened using two #8 screws)

PRODUCT FEATURES

- Improves marking efficiency by eliminating the need to remove and replace marker's caps, giving your marker a permanent location and making it always ready for immediate use. Particularly well suited for "witness marking" stations in assembly plants.
- Enables one hand operation and eliminates the need to re-cap.
Prevents tips from drying out, keeping markers ready to use in seconds.
- Discourages "borrowing" and keeps markers in one, easy-to-find location.
- Ideal for repetitive factory marking operations.
- Supplied with twin adhesive disc for easy installation.
- Exclusively from U-Mark.
- Made in USA.

This icon throughout our website and catalog indicates that a marker will fit inside the U-Holder™ to improve marking efficiency.
